

AGMA

AMERICAN GUILD *of* MUSICAL ARTISTS

Dear AGMA Artists:

As you are likely aware, President Trump announced his intention to impose a temporary ban on immigration into the United States yesterday via Twitter.

While we await an official White House statement with more details, please know that AGMA is already working with immigration experts and considering the implications this will have on many AGMA artists.

As soon as we have more information, we will be back in touch. For now, please do not hesitate to reach out to your AGMA staff representative or delegate.
